**GREG BASS**

**DIRECTOR – REGULATORY AFFAIRS & COMPLIANCE**  
**SEMPRA ENERGY SOLUTIONS LLC**

Mr. Bass has 15 years experience in the energy delivery business. His knowledge of the energy business is drawn from his direct experience with Direct Access operations in California, metering operations, meter data acquisition and system implementation, Direct Access customer enrollments, project management, demand-side management program development, power procurement, contract administration, and customer service.

For the past 5-years, Mr. Bass was instrumental in building the operations and nation-wide reach of Sempra Energy Solutions LLC (SES). This included obtaining more than a dozen state retail power licenses, import and export permits for power and natural gas, and obtaining certification behind more than 30 utility distribution companies. Prior to his work at SES, his most recent experience was obtained while working for Southern California Edison's ESP Services Division as an account manager for such notable ESPs as Arizona Public Service Energy Services, Enron Energy Services, New West Energy, AES/New Energy and other predominant California retail power providers. His knowledge and experience is also derived from his past work in the regulatory arena for both PacifiCorp and Southern California Edison.

**EDUCATION:**

- **MBA, University of San Diego, San Diego**
- **B.A., Economics, San Diego State University, San Diego**
